

PLANT LIST.

GEELONG & THE BELLARINE REGION INDIGENOUS RANGE

OUR NURSERIES.

genU Community Nurseries in Geelong and Colac offer a wide range of Australian native, Bellarine Indigenous and exotic plants. All stock has been propagated on-site by our experienced team, so our range is economical for even the largest of projects. We also specialise in farm, windbreak, woodlot and re-vegetation plants.

Every plant you buy helps to create meaningful employment for people living with disabilities.

AVAILABILITY.

This is a comprehensive list of all the Geelong & Bellarine Indigenous plants grown across both nurseries, however stock numbers may vary depending on the season. Pre-ordering and alternatives are available if we don't have what you want in stock.

Ask us about our range of Australian native and exotic plants.
